

Overview and Purpose

All data collected in the survey will be used to strengthen AICCU's advocacy efforts on behalf of member institutions. Given the enormous impact of COVID-19, these responses (especially to Section 4) are more important than ever. Using these responses, AICCU plans to produce a detailed member report for your institution in early 2021.

Structure

There are 4 sections below. We recognize that some fields may not be applicable, but please complete each field to the best of your institution's ability:

- Section 1: Enrollment
- Section 2: Financial Aid
- Section 3: Transfer
- Section 4: COVID-19 Impact

Notes

- Data Validation: All questions requesting numbers will require whole numbers. Words, letters, decimals, percentages, and non-numeric characters are not accepted.
- Dollar Entry: For dollar amounts, round to the nearest dollar and do not include any symbols (e.g., \$5,023.28 should be entered as 5023).
- Notes: If there are any qualifying notes that AICCU should be aware of, please include these in the "clarification points" sections at the end of each section.
- Time Intensity: *FT=Full-time (A student enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term) | PT=Part-time (A student enrolled for either less than 12 semester or quarter credits, or less than 24 contact hours a week each term)*
- COVID-19 Terminology: *"Enrolled and Matriculated"* should be understood as when a student is enrolled at a deadline in which they cannot drop courses without approval. If y our institution

does not have an official figure on this yet, please provide the best approximation that will allow us to understand sector trends in enrollment for this fall
